- Liquids of any kind
- Gas/Oil
- Paint (Paint cans that are completely dry are acceptable)
- Pool Chemicals/Chlorine
- Items such as Refrigerators, Electric Coolers, Water Coolers, or anything with freon.
- Batteries
- Propane Tanks
- Tires

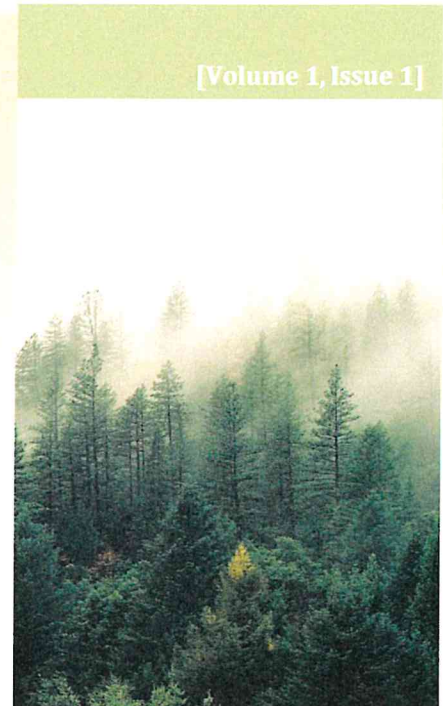

Hurricane season is upon us! Be Prepared!

Be sure to stock up on bottled water, non-perishable food items, & gasoline for your automobiles & generators. Remember to refill important medications for your family & pets and have an escape route planned in the event of an evacuation. Gather all important paperwork along with a list of all valuables for insurance purposes, just in case. Verify that your home & auto insurance is up to date to ensure your personal property is covered for ALL storm related damages.

Stay Current & up to date on City News & weather reports via our website www.cityofpineforest.com and on our non-official "Pine Forest Talk" group on Facebook for special updates from our Mayor & Staff.

City Streets & Ditches

We are still aggressively working with FEMA & the State on our road repairs due to Hurricane Harvey. Hurricane Harvey devastated our little City, leaving our streets in poor condition. We are aware of the pothole issues and are continuing to work with the County to make temporary repairs as needed. Please bare with us during this process. In the meantime, any pothole repairs or maintenance request, please call 409-786-4100 to put in a work order request. Thanks for your understanding and patience.

Hello Pine Forest Residents,

I am happy to introduce our first monthly Pine Forest newsletter. This will be an informal way to communicate information to the City, especially if you do not use or have internet. My goal as your Mayor is to keep you informed of upcoming events, news, and anything else that may affect you

and your family. I will also post on the unofficial Pine Forest Talk Facebook group with the weather updates that I receive regularly from the National Weather Service in the event of a hurricane.

Now that school has started, please be mindful of our children waiting for and exiting buses as well as the school zone speed limit. Their safety is our biggest priority.

I am usually in the office on Tuesdays and Thursdays and can always be reached by the City Secretary in case of an emergency.

Please feel free to contact me with your questions and concerns.

Sincerely,

Cathy Nagel

City of Pine Forest

305 Nagel Street
Vidor, Texas 77662
409-786-4100
Hours: Monday- Friday 8:00AM-4:00PM
